

Flower Design Challenge

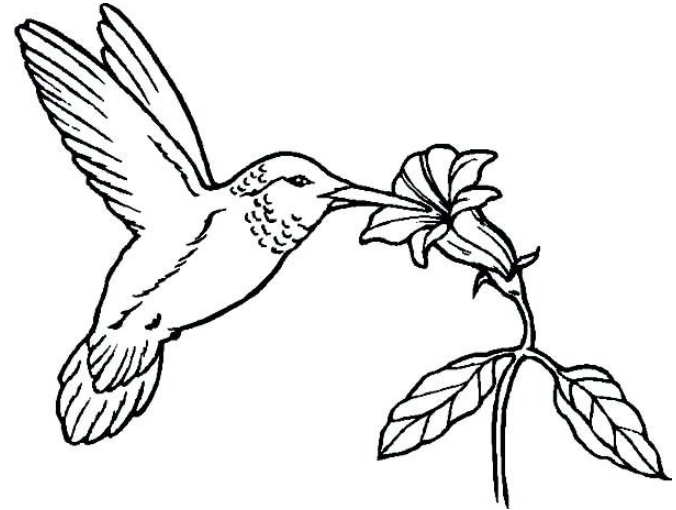

Design a flower to attract a specific pollinator. Think about your flower's color, shape, and imagine what it might smell like. Which pollinator(s) will your flower attract?

Use the space below to draw and write ideas about your design.

Pollinator Journal

This journal belongs to: _____

What I know about pollination:

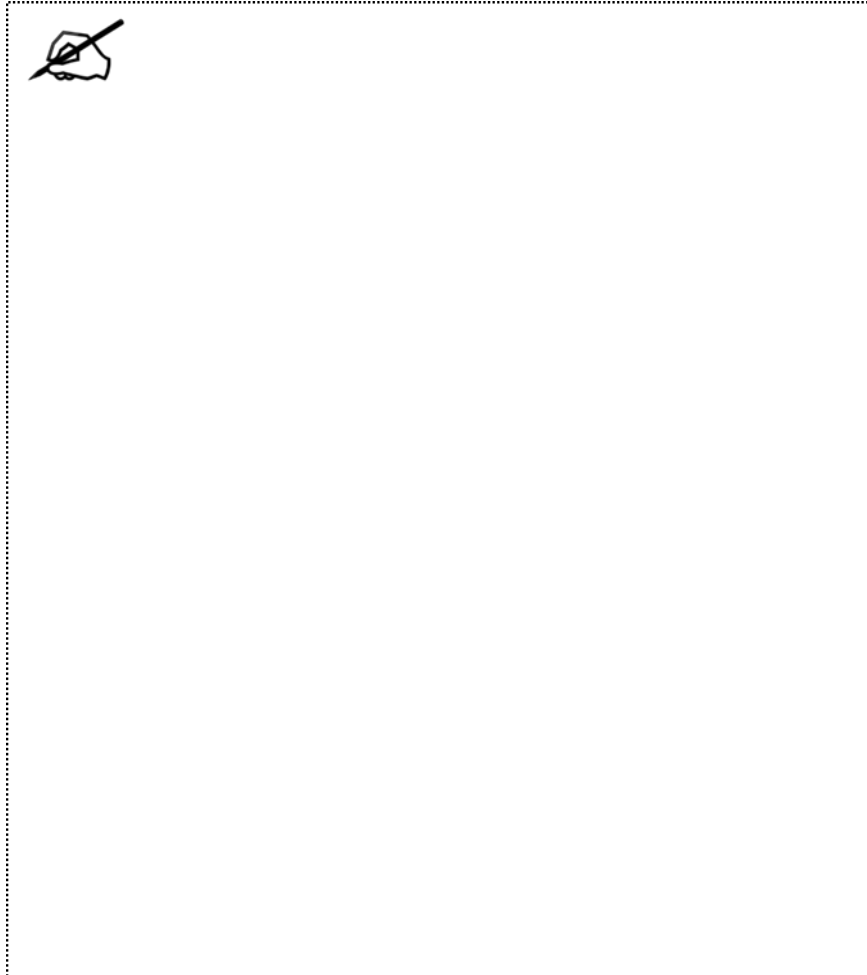

Questions I have about pollination:

Flowers attract pollinators with their color, shape, and scent. Choose 2 different types of flowers to closely study. Record your observations below, then compare the 2 observations to find out what is the same and what is different.

Flower Observation #1

What do you notice about this flower's color, shape, smell?

Draw or write your observations below.

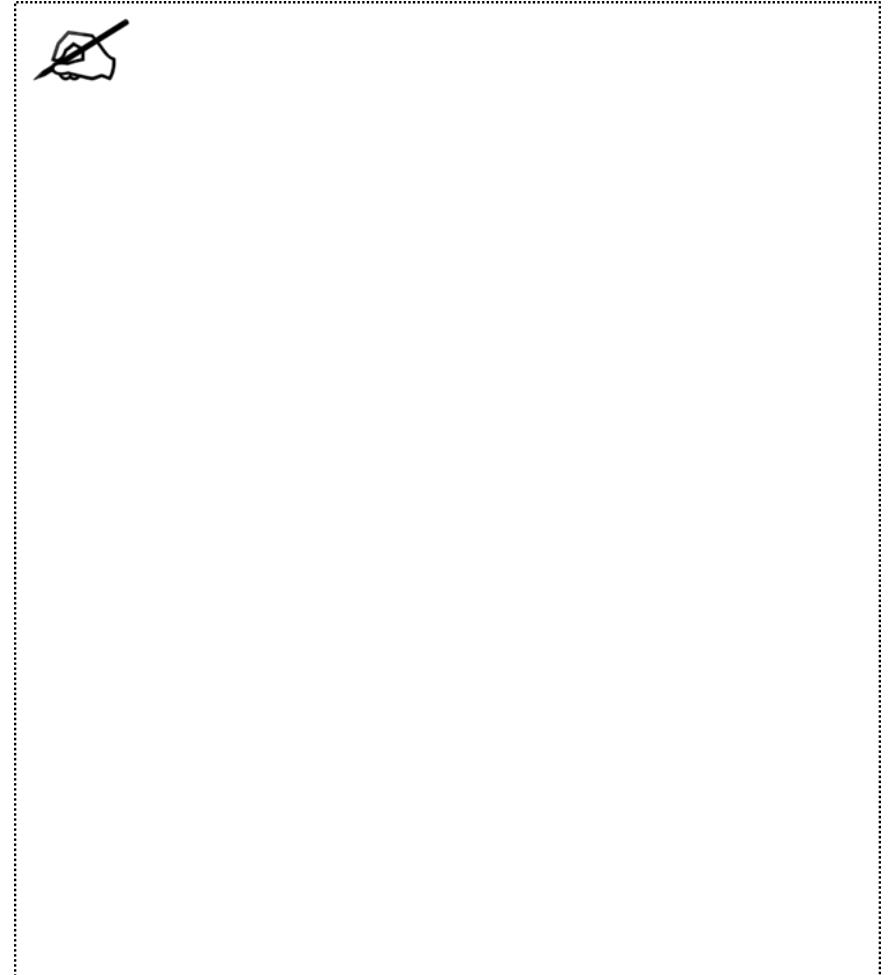

What pollinator(s) would be attracted to this flower?
Which observations support your answer?

Flower Observation #2

What do you notice about this flower's color, shape, smell?

Draw or write your observations below.

Which pollinator(s) would be attracted to this flower?
Which observations support your answer?
